The *Journal of Clinical Microbiology* (ISSN 0095-1137), a publication of the American Society for Microbiology, 1913 I St., NW, Washington, DC 20006, is devoted to the dissemination of new knowledge concerning the applied microbiological aspects of human and animal infections and infestations, particularly regarding their etiologic agents, diagnosis, and epidemiology. Papers dealing with antibiotics and antimicrobial agents and chemotherapy, with fundamental aspects of infection and immunity, and with food or dairy microbiology fall within the scope of other ASM publications. Instructions to authors are published in the January issue each year; reprints are available from the editors and the Publications Department. The *Journal* is published monthly, one volume per year. The nonmember subscription price is \$220 per year; single copies are \$25. The member subscription price is \$35 (foreign, \$51 [surface rate]) per year; single copies are \$8. Correspondence relating to subscriptions, reprints, defective copies, availability of back issues, lost or late proofs, disposition of submitted manuscripts, and general editorial matters should be directed to the ASM Publications Department, 1913 I St., NW, Washington, DC 20006 (phone 202 833-9680).

Claims for missing issues from residents of the United States, Canada, and Mexico must be submitted within 3 months after publication of the issues; residents of all other countries must submit claims within 6 months of publication of the issues. Claims for issues missing because of failure to report an address change or for issues "missing from files" will not be allowed.

Second-class postage paid at Washington, DC 20006, and at additional mailing offices.

POSTMASTER: Send address changes to *Journal of Clinical Microbiology*, ASM, 1913 I St., NW, Washington, DC 20006.

Made in the United States of America.

# 10 reasons

... why you should join your professional colleagues in the American Society for Microbiology, the world's largest single biological science membership organization ...

- 1 A monthly subscription to *ASM News*
- 2 Member rates on ASM's renowned primary research journals
- 3 Member rates on ASM's books
- 4 Special reduced member rates for the ASM Annual Meeting and regional conferences
- 5 An influential voice in Washington with an effective public relations program
- 6 Certification and registration programs through the National Registry of Microbiologists, the American Board of Medical Microbiology and the American Board of Medical Laboratory Immunology
- 7 Outstanding continuing education workshops at member rates and superb educational materials including an extensive slide collection
- 8 A job placement service for a nominal fee
- 9 Optional life, disability and health insurance for qualified members
- 10 Opportunities to participate in the scientific division of your choice and join our 32,000 members in the promotion of the microbiological sciences

If these ten reasons (and there are many more) sound good to you, why not find out how you can join ASM today?

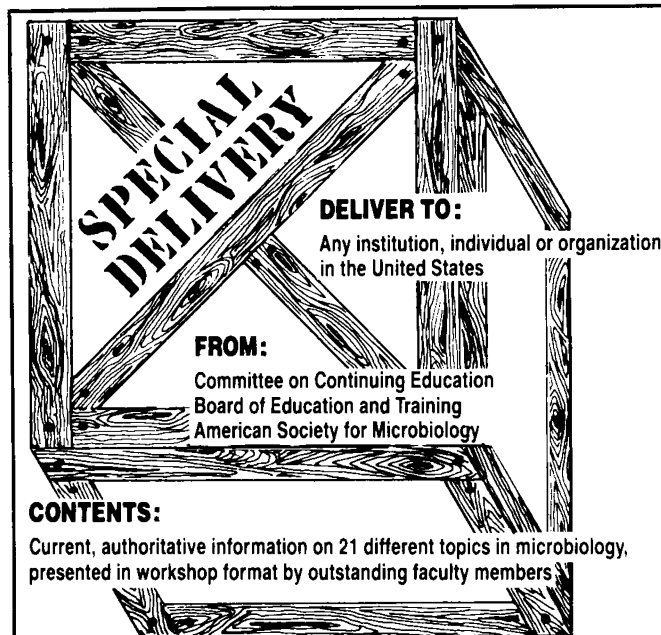

For more information, complete the coupon below and mail to:

**Dr. Robert K. Nauman**  
 Chairman, Membership Committee  
 American Society for Microbiology  
 Box ASMN 1083 - 1913 I Street, N.W.  
 Washington, DC 20006

I'm interested in membership in the American Society for Microbiology. Please send information and a Membership Application to:

## ASM TRAVELING WORKSHOPS

are designed to bring current information direct to your laboratory or other work setting.

### Benefits of the Traveling Workshop Program:

- Saves staff time and budget for traveling to national meetings or distant campuses
- Introduces staff members to leading authorities in their field
- Improves communication about the profession
- Improves the quality of work in microbiology
- ECEP (Evaluation of Continuing Education Programs) for CEU credit
- ASM is an accredited organization for continuing medical education by the Accreditation Council for Continuing Medical Education

### Features:

- Scheduled upon request
- Can be sponsored by any individual(s), organization, or institution
- Established faculty for each program
- Printed materials for each workshop
- Topics include:
  - Review of Concepts in Clinical Microbiology
  - Systemic Mycoses
  - Antimicrobial Susceptibility Testing: New Techniques
  - Identification of Aerobic Gram-Positive and Gram-Negative Cocci
  - Viral Hepatitis: An Update on Prevention and Control
  - Nontuberculous Mycobacteria: Laboratory and Clinical Aspects
  - Bacterial Diarrhea in Infants and Children
  - and 14 other topics of vital importance in the laboratory.

Use the coupon to request a complete Information Packet. Complete, detach, and mail to: Continuing Education Office, American Society for Microbiology, 1913 I Street, N.W., Washington, D.C. 20006.

Please send information about ASM Traveling Workshops.
