

What Is Needed for the Response to COVID-19? A Micro-Comic Strip

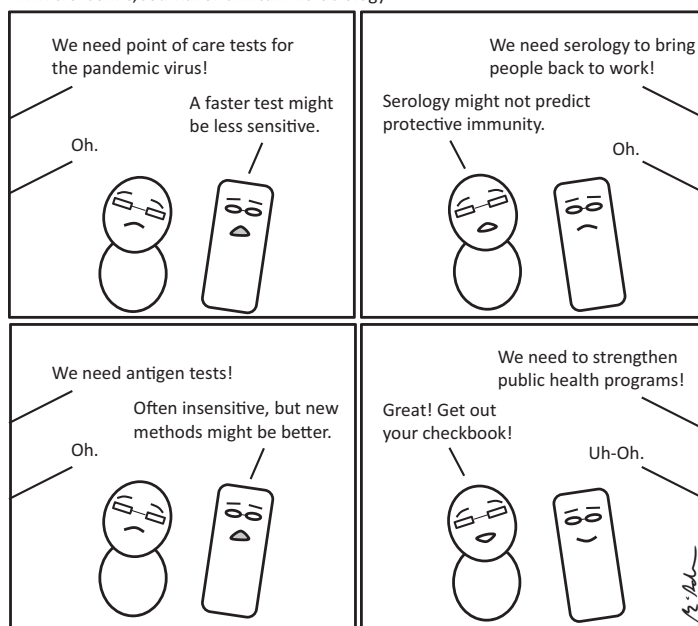

Alexander J. McAdam,^a Editor in Chief, *Journal of Clinical Microbiology*

^aDepartment of Laboratory Medicine, Boston Children's Hospital, Harvard Medical School, Boston, Massachusetts, USA

KEYWORDS clinical microbiology

A number of diagnostic tests and programs have been proposed to improve the response to the pandemic of severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), the virus that causes coronavirus disease 2019 (COVID-19). Read the comic strip to find out more.
